

Thanksgiving Dinner from Olives...

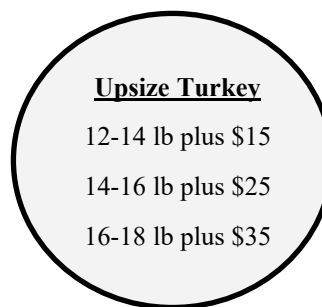

The holidays are upon us yet again, and as we began the conversation of our Thanksgiving Meal options, we were stuck on the dilemma of what makes our dinner different???

Here are some things we came up with:

- Everything is made in small batches
- All your food is made in our kitchen, for you, hoping to make your holiday easy and tasty!
- We offer Diestel Turkeys -California grown, on the family's sustainable ranch since 1949
- The food we offer, we actually serve to our families on Thanksgiving!!
- We buy local – using produce from Farm Lot 59 and our local farmers market when possible
- We have honed our craft over the past 13 years, offering you the freshest Thanksgiving dinner
- We are Long Beach – we live in Long Beach, own a business in Long Beach, support Long Beach based businesses whenever possible and cater to our local community
